

### UPDATED FACEBOOK LOGIN

Gives people the option to pick and choose what information apps get.

- Uncheck categories of information, one by one
- Won't post to Facebook without permission
- No longer all or nothing when you start out with an app

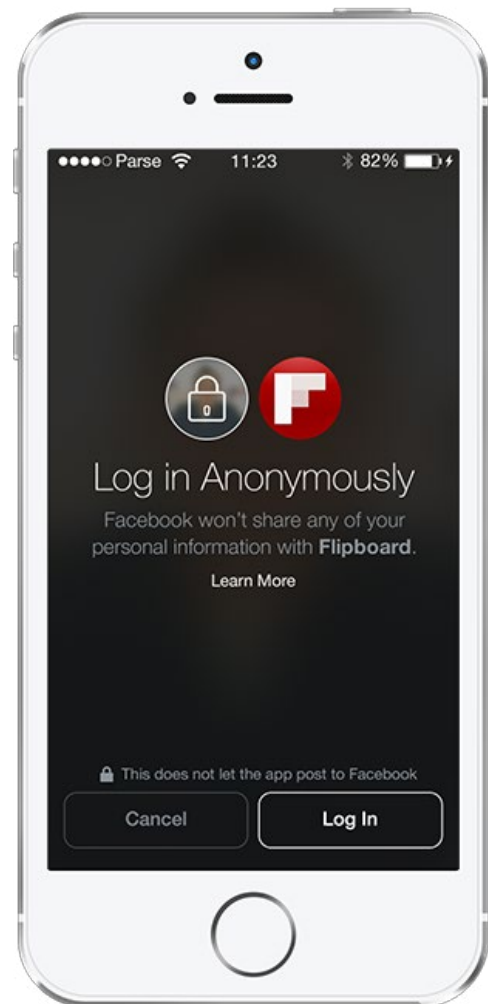

Learn more: <https://vimeo.com/93314940>

### NEW ANONYMOUS LOGIN

Allows people to easily try out an app without sharing any of their personal information from Facebook.

- Don't have to remember usernames and password
- Decide later to share additional information
